LMS Athletics Superfrosch Form

EXPLANATION:

A freshman who wishes to participate at the junior varsity/varsity level in high school, when a school district offers a junior high school level of competition in that sport, may choose to do so under PIAA rules. The student, the parents, the coach, and the school administration must all be in agreement. The student should demonstrate the physical and emotional maturity needed to compete at this level. It is understood that such an option must be made not later than 21 days after the ninth grade student-athlete begins practice. It is agreed that once this option is exercised, it may not be changed during that sports season.

Sport	Season (Fall/Winter/Spring)	Year
-------	-----------------------------	------

STUDENT:

I understand that I will only be eligible to compete at the high school level of competition in this sport if I choose to compete as a freshman at this time. I understand that I will not be able to compete at the junior high school level of this sport.

Student Name	Student Signature	Date
--------------	-------------------	------

GUARDIAN:

I believe that my son/daughter listed above has the maturity needed to participate at the high school level as a freshman. I also understand that the above listed person will not be able to participate at the junior high school level in this sport.

Guardian Name	Guardian Signature	Date
---------------	--------------------	------

COACH:

I believe that the student listed above has the maturity needed to participate at the high school level as a freshman. I understand that the above listed student will not be able to participate at the junior high school level in this sport.

Coach Name	Coach Signature	Date
------------	-----------------	------

ADMINISTRATION:

We believe that the student listed above has the maturity needed to participate at the high school level as a freshman. We do understand that the above listed student will not be able to participate at the junior high school level in this sport.
