

LANCASTER MENNONITE

Centered In Christ • Transforming Lives • Changing Our World

PHYSICAL PACKET CHECK-OFF SHEET

Dear Parent/Guardian,

Here is a helpful check-off sheet to make sure that your student will be ready and able to participate in the upcoming sports season at Lancaster Mennonite School. If you have any questions or concerns, please email Ann Seaton, the Athletic Trainer, at seatonar@lancastermennonite.org.

PIAA Physical Form (Sections 1-6) - MUST be dated June 1st or later

Section 7: Parent/Guardian Recertification Form- (Winter/Spring athletes)
ONLY if physical is not dated within 6 weeks prior to the first official day of practice

Section 8: Physician Recertification Form- (Winter/Spring athletes) *ONLY If answered "Yes" to a supplemental health history question on Section 7- Parent/Guardian Recertification Form*

Student Athlete Contract & Substance Abuse Policy for Co-Curricular Activities

Participation Waiver for Communicable Diseases Including COVID-19 & Pre-Screening Tool

ImPACT Test- *ONLY for student athletes in grades 9-12 and participating in the following sports: soccer, field hockey, basketball, softball, baseball, and volleyball*

**Look for dates on the LMH Athletic Training website or ask your coach for the dates/times*

Thank you,

Ann Seaton, MSAT, LAT, ATC
Lancaster Mennonite School
Athletic Trainer
2020-2021

PIAA COMPREHENSIVE INITIAL PRE-PARTICIPATION PHYSICAL EVALUATION

INITIAL EVALUATION: Prior to any student participating in Practices, Inter-School Practices, Scrimmages, and/or Contests, at any PIAA member school in any school year, the student is required to (1) complete a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE); and (2) have the appropriate person(s) complete the first six Sections of the CIPPE Form. Upon completion of Sections 1 and 2 by the parent/guardian; Sections 3, 4, and 5 by the student and parent/guardian; and Section 6 by an Authorized Medical Examiner (AME), those Sections must be turned in to the Principal, or the Principal's designee, of the student's school for retention by the school. The CIPPE may not be authorized earlier than June 1st and shall be effective, regardless of when performed during a school year, until the latter of the next May 31st or the conclusion of the spring sports season.

SUBSEQUENT SPORT(S) IN THE SAME SCHOOL YEAR: Following completion of a CIPPE, the same student seeking to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests in subsequent sport(s) in the same school year, must complete Section 7 of this form and must turn in that Section to the Principal, or Principal's designee, of his or her school. The Principal, or the Principal's designee, will then determine whether Section 8 need be completed.

SECTION 1: PERSONAL AND EMERGENCY INFORMATION

PERSONAL INFORMATION

Student's Name _____ Male/Female (circle one)

Date of Student's Birth: ___/___/___ Age of Student on Last Birthday: ___ Grade for Current School Year: ___

Current Physical Address _____

Current Home Phone # () _____ Parent/Guardian Current Cellular Phone # () _____

Fall Sport(s): _____ Winter Sport(s): _____ Spring Sport(s): _____

EMERGENCY INFORMATION

Parent's/Guardian's Name _____ Relationship _____

Address _____ Emergency Contact Telephone # () _____

Secondary Emergency Contact Person's Name _____ Relationship _____

Address _____ Emergency Contact Telephone # () _____

Medical Insurance Carrier _____ Policy Number _____

Address _____ Telephone # () _____

Family Physician's Name _____, MD or DO (circle one)

Address _____ Telephone # () _____

Student's Allergies _____

Student's Health Condition(s) of Which an Emergency Physician or Other Medical Personnel Should be Aware _____

Student's Prescription Medications and conditions of which they are being prescribed _____

SECTION 2: CERTIFICATION OF PARENT/GUARDIAN

The student's parent/guardian must complete all parts of this form.

A. I hereby give my consent for _____ born on _____ who turned _____ on his/her last birthday, a student of _____ School and a resident of the _____ public school district, to participate in Practices, Inter-School Practices, Scrimmages, and/or Contests during the 20____ - 20____ school year in the sport(s) as indicated by my signature(s) following the name of the said sport(s) approved below.

Fall Sports	Signature of Parent or Guardian
Cross Country	
Field Hockey	
Football	
Golf	
Soccer	
Girls' Tennis	
Girls' Volleyball	
Water Polo	
Other	

Winter Sports	Signature of Parent or Guardian
Basketball	
Bowling	
Competitive Spirit Squad	
Girls' Gymnastics	
Rifle	
Swimming and Diving	
Track & Field (Indoor)	
Wrestling	
Other	

Spring Sports	Signature of Parent or Guardian
Baseball	
Boys' Lacrosse	
Girls' Lacrosse	
Softball	
Boys' Tennis	
Track & Field (Outdoor)	
Boys' Volleyball	
Other	

B. **Understanding of eligibility rules:** I hereby acknowledge that I am familiar with the requirements of PIAA concerning the eligibility of students at PIAA member schools to participate in Inter-School Practices, Scrimmages, and/or Contests involving PIAA member schools. Such requirements, which are posted on the PIAA Web site at www.piaa.org, include, but are not necessarily limited to age, amateur status, school attendance, health, transfer from one school to another, season and out-of-season rules and regulations, semesters of attendance, seasons of sports participation, and academic performance.

Parent's/Guardian's Signature _____ Date ____/____/____

C. **Disclosure of records needed to determine eligibility:** To enable PIAA to determine whether the herein named student is eligible to participate in interscholastic athletics involving PIAA member schools, I hereby consent to the release to PIAA of any and all portions of school record files, beginning with the seventh grade, of the herein named student specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s) or guardian(s), residence address of the student, health records, academic work completed, grades received, and attendance data.

Parent's/Guardian's Signature _____ Date ____/____/____

D. **Permission to use name, likeness, and athletic information:** I consent to PIAA's use of the herein named student's name, likeness, and athletically related information in video broadcasts and re-broadcasts, webcasts and reports of Inter-School Practices, Scrimmages, and/or Contests, promotional literature of the Association, and other materials and releases related to interscholastic athletics.

Parent's/Guardian's Signature _____ Date ____/____/____

E. **Permission to administer emergency medical care:** I consent for an emergency medical care provider to administer any emergency medical care deemed advisable to the welfare of the herein named student while the student is practicing for or participating in Inter-School Practices, Scrimmages, and/or Contests. Further, this authorization permits, if reasonable efforts to contact me have been unsuccessful, physicians to hospitalize, secure appropriate consultation, to order injections, anesthesia (local, general, or both) or surgery for the herein named student. I hereby agree to pay for physicians' and/or surgeons' fees, hospital charges, and related expenses for such emergency medical care. I further give permission to the school's athletic administration, coaches and medical staff to consult with the Authorized Medical Professional who executes Section 6 regarding a medical condition or injury to the herein named student.

Parent's/Guardian's Signature _____ Date ____/____/____

F. **CONFIDENTIALITY:** The information on this CIPPE shall be treated as confidential by school personnel. It may be used by the school's athletic administration, coaches and medical staff to determine athletic eligibility, to identify medical conditions and injuries, and to promote safety and injury prevention. In the event of an emergency, the information contained in this CIPPE may be shared with emergency medical personnel. Information about an injury or medical condition will not be shared with the public or media without written consent of the parent(s) or guardian(s).

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 3: UNDERSTANDING OF RISK OF CONCUSSION AND TRAUMATIC BRAIN INJURY

What is a concussion?

A concussion is a brain injury that:

- Is caused by a bump, blow, or jolt to the head or body.
- Can change the way a student's brain normally works.
- Can occur during Practices and/or Contests in any sport.
- Can happen even if a student has not lost consciousness.
- Can be serious even if a student has just been "dinged" or "had their bell rung."

All concussions are serious. A concussion can affect a student's ability to do schoolwork and other activities (such as playing video games, working on a computer, studying, driving, or exercising). Most students with a concussion get better, but it is important to give the concussed student's brain time to heal.

What are the symptoms of a concussion?

Concussions cannot be seen; however, in a potentially concussed student, **one or more** of the symptoms listed below may become apparent and/or that the student "doesn't feel right" soon after, a few days after, or even weeks after the injury.

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Bothered by light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Difficulty paying attention
- Memory problems
- Confusion

What should students do if they believe that they or someone else may have a concussion?

- **Students feeling any of the symptoms set forth above should immediately tell their Coach and their parents.** Also, if they notice any teammate evidencing such symptoms, they should immediately tell their Coach.
- **The student should be evaluated.** A licensed physician of medicine or osteopathic medicine (MD or DO), sufficiently familiar with current concussion management, should examine the student, determine whether the student has a concussion, and determine when the student is cleared to return to participate in interscholastic athletics.
- **Concussed students should give themselves time to get better.** If a student has sustained a concussion, the student's brain needs time to heal. While a concussed student's brain is still healing, that student is much more likely to have another concussion. Repeat concussions can increase the time it takes for an already concussed student to recover and may cause more damage to that student's brain. Such damage can have long term consequences. It is important that a concussed student rest and not return to play until the student receives permission from an MD or DO, sufficiently familiar with current concussion management, that the student is symptom-free.

How can students prevent a concussion? Every sport is different, but there are steps students can take to protect themselves.

- Use the proper sports equipment, including personal protective equipment. For equipment to properly protect a student, it must be:
 - The right equipment for the sport, position, or activity;
 - Worn correctly and the correct size and fit; and
 - Used every time the student Practices and/or competes.
- Follow the Coach's rules for safety and the rules of the sport.
- Practice good sportsmanship at all times.

If a student believes they may have a concussion: Don't hide it. Report it. Take time to recover.

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Student's Signature _____ Date ____/____/____

I hereby acknowledge that I am familiar with the nature and risk of concussion and traumatic brain injury while participating in interscholastic athletics, including the risks associated with continuing to compete after a concussion or traumatic brain injury.

Parent's/Guardian's Signature _____ Date ____/____/____

SECTION 4: UNDERSTANDING OF SUDDEN CARDIAC ARREST SYMPTOMS AND WARNING SIGNS

What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens blood stops flowing to the brain and other vital organs. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

How common is sudden cardiac arrest in the United States?

There are about 300,000 cardiac arrests outside hospitals each year. About 2,000 patients under 25 die of SCA each year.

Are there warning signs?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as:

- dizziness
- lightheadedness
- shortness of breath
- difficulty breathing
- racing or fluttering heartbeat (palpitations)
- syncope (fainting)
- fatigue (extreme tiredness)
- weakness
- nausea
- vomiting
- chest pains

These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

What are the risks of practicing or playing after experiencing these symptoms?

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who have SCA die from it.

Act 59 – the Sudden Cardiac Arrest Prevention Act (the Act)

The Act is intended to keep student-athletes safe while practicing or playing. The requirements of the Act are:

Information about SCA symptoms and warning signs.

- Every student-athlete and their parent or guardian must read and sign this form. It must be returned to the school before participation in any athletic activity. A new form must be signed and returned each school year.
- Schools may *also* hold informational meetings. The meetings can occur before each athletic season. Meetings may include student-athletes, parents, coaches and school officials. Schools may also want to include doctors, nurses, and athletic trainers.

Removal from play/return to play

- Any student-athlete who has signs or symptoms of SCA must be removed from play. The symptoms can happen before, during, or after activity. Play includes all athletic activity.
- Before returning to play, the athlete must be evaluated. Clearance to return to play must be in writing. The evaluation must be performed by a licensed physician, certified registered nurse practitioner, or cardiologist (heart doctor). The licensed physician or certified registered nurse practitioner may consult any other licensed or certified medical professionals.

I have reviewed and understand the symptoms and warning signs of SCA.

STUDENT ATHLETE CONTRACT

Participation in athletics is a privilege that carries additional responsibilities. As an athlete you are a leader and a representative of the school, your family, your church, and Jesus Christ. The following are expectations and regulations for LMH student athletes:

1. Complete all necessary paperwork before the first practice.
2. Give one hundred percent commitment to coach and team during practices and contests.
3. Maintain proper care of uniform and return within ten days of the final contest.
4. Maintain good grades and a positive citizenship record.
 - Fail no more than one class at the end of each week and at the end of a quarter.
 - School suspensions result in suspension from team.
 - Accumulation of offenses in school and/or on the field/court may result in game suspensions.
5. Report to school on time each day.
6. Demonstrate high levels of sportsmanship during practices and contests.
 - Talking back to officials and taunting players is not acceptable.
 - Profanity will not be tolerated.
 - Interact positively with opposing players, coaches, and officials before and after contests.
7. Ride the team bus to away games unless prior written permission is given by parents and approved by the coach. Players may ride home with parents from away contests after notifying the coach.
8. Expect no special treatment and take no special privileges because you are an athlete.
9. Assist in preparation of field, court, and equipment as requested by school staff.
10. Read and follow the covenant regarding illegal substances (on the back).

RISK OF INJURY

Lancaster Mennonite School has provided you with a qualified coaching staff, protective equipment and qualified supportive sports medicine staff. Despite all efforts to minimize the risk of sports, athletes are seriously injured yearly in almost every sport. Be aware that every sport carries the inherent risk of catastrophic injury including but not limited to: blindness, paraplegia, quadriplegia, brain injury, sudden cardiac arrest or even death. Participants and their parents/guardians must accept this risk or they should not participate.

STUDENT ATHLETE

I count it a privilege to participate in interscholastic athletics. My signature indicates that I understand and am committed to upholding the standards and regulations contained in this contract and am willing to accept the consequences of my failure to meet these standards.

student signature

PARENT/GUARDIAN

I am in agreement with the standards set forth in the player contract and will encourage my son/daughter to uphold them. I will support the school in the administration of its athletic program. Further, I commit myself as a spectator to be a positive representation of myself, LMS, and Jesus Christ; exemplifying Christ-like attitudes and behavior.

parent/guardian signature

Please read and sign both sides of this contract.

SUBSTANCE USE POLICY FOR CO-CURRICULAR ACTIVITIES

Lancaster Mennonite High School provides students the opportunity to participate in many co-curricular activities. Participation in such activities is a privilege, **not a right**, and carries additional responsibilities.

To protect the health and well being of our students and the integrity of the activity, LMH has established the following regulations to discourage substance use. Parents and school staff must work together to educate young people and discipline those who choose to use substances illegally.

This policy applies to any student involved in a co-curricular activity, leadership position, public performance or other activities related to school or under the supervision of school personnel. The following are prohibited: possession, use, or distribution of alcohol, tobacco, **a controlled substance**, or other drugs **illegally**; and **remaining present when any such activity occurs**. Any student determined to have violated this policy will be suspended from all co-curricular activities.

This policy is in effect 24 hours a day 365 days a year while enrolled at LMH and participating in a co-curricular activity. If a student violates the policy prior to their participation in an activity covered by this policy, the student may be declared ineligible for a period of time at the beginning of the activity in keeping with the policy.

If the offense occurs while the student is involved in a co-curricular activity, the suspension shall be for a period of forty (40) to sixty (60) calendar days from the date of the infraction. If the student is not currently in a co-curricular activity, the suspension time of forty (40) to sixty (60) days begins upon the start of their co-curricular participation. If the school year concludes before the suspension has been completed, the student will be ineligible for school related summer activities and the suspension will continue at the beginning of the next school year. Offenses occurring during the summer months will result in immediate removal from any school related activity and the forty (40) to sixty (60) calendar day suspension will begin the first day of school or for a fall co-curricular activity, the first day the activity meets. Students suspended for violation of these regulations are ineligible for any awards or recognition for the activity from which they were suspended. Officers of school organizations will be removed from their office for the year. During the suspension, students may not participate in any school activities which are not part of the instructional program including those that extend beyond the school day.

A suspension will be reduced to thirty calendar days upon completion of an approved substance abuse program. The cost of the program is the responsibility of the student. A suspended student must attend a conference with the principal, athletic director, advisor/coach and parent before returning to the activity.

Students involved with alcohol, tobacco or other drugs who have not been found in violation of this policy but who willingly seek help and follow through with corrective actions may be exempt from the sanctions of this policy, in the discretion of LMH.

Each subsequent offense will result in suspension from participation in all co-curricular activities for 365 days from date of infraction.

LMH reserves the right to take additional disciplinary action, and to apply more or less severe penalties than the ones described in these guidelines, in its discretion.

I have read and understand the policy and will work with the school to meet the standards for involvement in co-curricular activities.

Participation Waiver for Communicable Diseases Including COVID-19

The COVID-19 pandemic has presented athletics across the world with a myriad of challenges concerning this highly contagious illness that primarily attacks the upper respiratory system. Some severe outcomes have been reported in children, and a child with a mild or even asymptomatic case of COVID-19 can spread the infection to others who may be far more vulnerable.

While it is not possible to eliminate all risk of furthering the spread of COVID-19, LMS will take necessary precautions and comply with guidelines from the federal, state, and local governments, CDC, PA DOH, as well as the NFHS and PIAA, to reduce the risks to students, coaches, and their families. As knowledge regarding COVID-19 is constantly changing, LMS reserves the right to adjust and implement precautionary methods as necessary to decrease the risk of exposure for our staff, students, and spectators. Some precautionary methods in LMS Athletic Health and Safety Plan include but may not be limited to:

1. Screenings prior to any practice, event, or team meeting with participation in the activities being limited and/or prohibited where an individual displays positive responses or symptoms.
2. Encourage social distancing and promote healthy hygiene practices such as hand washing, using hand sanitizer, etc.
3. Intensify cleaning, disinfection, and ventilation in all facilities.
4. Educate athletes, coaches, and staff on health and safety protocols.
5. Require athletes and coaches to provide their own water bottle for hydration.

By signing this form, the undersigned voluntarily agree to the following Waiver and release of liability. The undersigned agree to release and discharge all claims for ourselves, our heirs, and as a parent or legal guardian for the Student named below, against the LMS, its Board of Directors, successors, assigns, officers, agents, employees, and volunteers and will hold them harmless from any and all liability or demands for personal injury, psychological injury, sickness, death, or claims resulting from personal injury or property damage, of any nature whatsoever which may be incurred by the Student or the undersigned relating to or as a result of the Student's participation in athletic programs, events, and activities during the COVID-19 pandemic.

The undersigned acknowledge that participating in athletic programs, events, and activities may include a possible exposure to a communicable disease including but not limited to MRSA, influenza, and COVID-19. The undersigned further acknowledge that they are aware of the risks associated with COVID-19 and that certain vulnerable individuals may have greater health risks associated with exposure to COVID-19, including individuals with serious underlying health conditions such as, but not limited to: high blood pressure, chronic lung disease, diabetes, asthma, and those whose immune systems that are compromised by chemotherapy for cancer, and other conditions requiring such therapy. While particular recommendations and personal discipline may reduce the risks associated with participating in athletics during the COVID-19 pandemic, the risk of serious illness, medical complications and possible death does exist.

We knowingly and freely assume all such risks, both known and unknown, even if arising from the negligence of others, and assume full responsibility for Student's participation in athletics during the COVID-19 pandemic. We willingly agree to comply with the stated recommendations put forth by LMS to limit the exposure and spread of COVID-19 and other communicable diseases. We certify that Student is in good physical condition or believe Student to be in good physical condition and allow participation in this sport at our own risk.
